

VERITAS CLASSICAL SCHOOLS

Academic Summary for Homeschool Student

This form should be completed for any NEW STUDENT applying to Veritas who was taught at home for over 80% of his/her coursework. Please list the book and/or publisher and grade level for the course your student completed each year. Then, give your child a score rating (5-1) for each subject listed. If you completed a Unit Study, simply write Unit Study. Your information will give us a general idea of the learning environment your child has experienced at home over the past 3 years. Keep answers simple – we just need a summary.
